

The background features a complex, layered composition of abstract elements. On the left side, there are dense, overlapping patterns of thin, light gray lines forming various geometric shapes, including squares, rectangles, and circles, some of which are arranged in a grid-like fashion. To the right of these geometric patterns, there are several broad, sweeping, wavy lines in a similar light gray color, creating a sense of movement and depth. The overall effect is a textured, artistic backdrop that contrasts with the clean, black text.
